

# Medical Facilities for Prathama's Blood Donors

## Dear Blood Donor,

We deeply appreciate your blood donation today. We firmly believe that blood donors are very special people in the society, who care for the wellbeing of other members of the society. Only a small percentage of society are blood donors like you, on whom the entire society depends for their blood requirement. We salute your concern and feeling for the humanity.

Leading physicians & Pathologists of the city wish to reciprocate for your noble deed of blood donation by offering a discount of 30% if ever you need their services. If you ever need to visit them, please carry this letter along with your blood donor book.

As a special recognition for deferred donors, the above services are also offered to them considering that they showed the same passion as blood donors to come forward for the blood donation and help the society. We hope you would keep coming forward to donate blood and reduce pain and agony of those who need blood desperately.

Dr. Sanat Acharya  
Manager - Transfusion Support  
Prathama Blood Centre
